**INTERIM CONDENSED CONSOLIDATED  
FINANCIAL STATEMENTS**

**30 June 2021**

## **REVIEW REPORT TO THE BOARD OF DIRECTORS OF LIQUIDITY MANAGEMENT CENTRE B.S.C. (c)**

### **Introduction**

We have reviewed the accompanying interim condensed consolidated financial statements of Liquidity Management Centre B.S.C. (c) (the "Bank") and its subsidiary (the "Group") comprising the interim consolidated statement of financial position as at 30 June 2021 and the related interim consolidated statement of income for the three and six months period then ended and the interim consolidated statements of cashflows and changes in owners' equity for the six-month period then ended and explanatory notes. The Management of the Group is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with the basis of preparation and the accounting policies disclosed in note 2. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

### **Scope of review**

We conducted our review in accordance with International Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with the basis of preparation and accounting policies as set out in note 2.

### **Other matter**

Due to the outbreak of the novel coronavirus (COVID-19) in early 2020, the CBB vide its circular OG/124/2020 dated 30 March 2020 had exempted all public shareholding companies and locally incorporated banks from preparation and publication of interim condensed financial statements for the three-month period ended 31 March 2020. Accordingly, we have not reviewed the comparative information for the three-month period ended 30 June 2020 presented in these interim condensed consolidated financial statements which have been extracted from management accounts and, we do not express any review conclusion on them.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

At 30 June 2021

**1 INCORPORATION AND ACTIVITIES**

Liquidity Management Centre B.S.C. (c) (the "Bank") is a closed joint stock company incorporated in the Kingdom of Bahrain on 31 July 2002, under Commercial Registration (CR) number 49092. The Bank operates under an Islamic Wholesale Banking license issued by the Central Bank of Bahrain (the "CBB"). The Bank's registered office is Building 852, Road 3618, Block 436, Seef District, Kingdom of Bahrain.

The principal activities of the Bank and its wholly owned subsidiary (together the "Group") include the following:

- Facilitating the creation of an Islamic inter-bank money market that will allow Islamic Financial Services Institutions ("IFSI") to effectively manage their assets and liabilities;
- Providing short-term liquid, tradable asset-backed treasury instruments (Sukuk) based on Islamic Shari'a principles where IFSI can invest their surplus liquidity; and
- Providing short-term investment opportunities based on Islamic Shari'a principles.

The Bank is regulated by the CBB and supervised by the Shari'a Supervisory Board for compliance with Shari'a rules and principles.

The Group's total equity as at 30 June 2021 is US\$ 43.249 million (31 December 2020: US\$ 42.326 million) which is less than the minimum capital requirement of US\$ 100 Million required under LR Module of Volume 2 of the Central Bank of Bahrain (CBB) rule book (LR- 2.5.2B), and the Shareholders of the Bank, in their Extraordinary General Meeting ("EGM") held on 27 April 2020, passed a resolution approving the conversion of the Bank's license from an Islamic Wholesale Bank to a Bahrain Shareholding Company subject to CBB approval.

*Impact of COVID-19*

The outbreak of coronavirus ("COVID-19") pandemic across the globe has caused disruption to business and economic activities and uncertainties in the global economic environment. The existing and anticipated effects of the outbreak on the global economy is expected to continue to evolve. While these developments continue to impact the Group's operations, the scale and duration of further developments remain uncertain at this stage and could potentially further impact the Group's financial position, financial performance and cash flows in the future, the extent of which is presently undeterminable.

The interim condensed consolidated financial statements have been authorised for issue by the Board of Directors on 10 August 2021.

**2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES**

**2.1 Basis of preparation**

The consolidated financial statements of the Group are prepared in accordance with applicable rules and regulations issued by the Central Bank of Bahrain ("CBB") including the CBB circulars issued on regulatory concessionary measures in response to COVID-19. These rules and regulations, in particular CBB circular OG/226/2020 dated 21 June 2020, require the adoption of all Financial Accounting Standards ("FAS") issued by the Accounting and Auditing Organisation of Islamic Financial Institutions (AAOIFI) with two exceptions which are set out below. In accordance with the AAOIFI framework, for matters not covered by FAS, the Group uses the requirements of the relevant International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB"). This framework is referred to as "FAS issued by AAOIFI".

The two exceptions mentioned above are as follows:

- (a) recognition of modification losses on financial assets arising from payment holidays provided to customers impacted by COVID-19 without charging additional profits, in equity instead of the profit or loss as required by FAS issued by AAOIFI. Any other modification gain or loss on financial assets are recognised in accordance with the requirements of FAS issued by AAOIFI; and

---

**NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

At 30 June 2021

**2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)****2.1 Basis of preparation (continued)**

(b) recognition of financial assistance received from the government and regulators in response to its COVID-19 support measures that meets the government grant requirement, in equity, instead of profit or loss. This will only be to the extent of any modification loss recorded in equity as a result of (a) above, and the balance amount to be recognized in profit or loss. Any other financial assistance is recognised in accordance with the relevant requirements of FAS issued by AAOIFI.

The interim condensed consolidated financial statements of the Group has been prepared in accordance with the guidance provided by International Accounting Standard 34 – ‘Interim Financial Reporting’ using FAS issued by AAOIFI as modified by the CBB framework.

Except for the adoption of new standards (as set out in note 2.4) and the change in accounting policy (as set out in note 5), all other accounting policies remain the same as used in the preparation of the consolidated financial statements for the year ended 31 December 2020 and have been consistently applied in these interim condensed consolidated financial statements. The impacts of the retrospective application of the change in accounting policy are mentioned in note 5.

The interim condensed consolidated financial statements do not contain all the information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2020. In addition, results for the six month period ended 30 June 2021 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2021.

During 2020 as a result of COVID-19, the CBB issued various circulars on regulatory concessionary measures including circular OG/124/2020 dated 31 March 2020, in which the CBB exempted all public shareholding companies and locally incorporated banks from preparation and publication of interim condensed financial statements for the three-month period ended 31 March 2020. Accordingly, the Group did not publish interim condensed consolidated financial statements for the period ended 31 March 2020 and therefore the comparative information for the three-month period ended 30 June 2020 included in these interim condensed consolidated financial statements have been extracted from management accounts on which neither an audit opinion nor a review conclusion was issued.

**2.2 Accounting convention**

The interim condensed consolidated financial statements have been prepared on a historical cost basis, except for equity type instruments carried at fair value through equity, equity type instruments carried at fair value through statement of income and investment in real estate that have been measured at fair value. The interim condensed consolidated financial statements have been presented in United States Dollar ("US\$"), being the functional currency of the Bank. All values are rounded to the nearest thousand (US\$ '000) unless otherwise indicated.

**2.3 Basis of consolidation**

These interim condensed consolidated financial statements comprise the financial statements of the Group and its subsidiary for the six month period ended 30 June 2021. The financial statements of the subsidiary are prepared for the same reporting period as the Bank, using consistent accounting policies.

All intra-group balances, transactions, income and expenses and profits and losses resulting from intra-group transactions are eliminated in full.

The Bank has the following subsidiary:

	<b>Ownership 2021 and 2020</b>	<b>Year and country of incorporation</b>	<b>Activity</b>
The Short Term Sukok Center B.S.C. (c)	100%	2003 Kingdom of Bahrain	Investment in Sukuk

## NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

At 30 June 2021

**2 BASIS OF PREPARATION AND ACCOUNTING POLICIES (continued)****2.3 Basis of consolidation (continued)**

The subsidiary is consolidated in these interim condensed consolidated financial statements based on unaudited management accounts for the six month period ended 30 June 2021. The basis of consolidation used in the preparation of these interim condensed consolidated financial statements is similar to that used in the preparation of the consolidated financial statements for the year ended 31 December 2020.

**2.4 Significant accounting policies**

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those used in the preparation of the annual consolidated financial statements of the Group for the year ended 31 December 2020, except for the changes due to adoption of new standards as mentioned below as well as the change in accounting policy as set out in note 5.

**FAS 32 Ijarah**

This standard supersedes FAS 8 "Ijarah and Ijarah Muntahia Bittamleek". FAS 32 sets out the principles for the classification, recognition, measurement, presentation and disclosure of Ijarah type transactions including their different forms entered into by an institution, in both the capacities of lessor and lessee. This standard is effective for the years beginning on or after 1 January 2021.

Under this standard, an institution, in its capacity either as lessor or lessee shall classify each of its Ijarah into a) operating Ijarah b) Ijara Muntahia Biltamleek with expected transfer of ownership after the end of the Ijarah term – either through sale or gift; and c) Ijarah Muntahia Biltamleek with gradual transfer – with gradual transfer of ownership during the Ijarah term including Diminishing Musharaka Ijarah.

The standard includes two recognition exemptions for lessees – leases of "low-value" assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of the lease, a lessee will recognize an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset) and a net Ijarah liability, duly comprising of a) gross Ijarah liability and b) deferred Ijarah cost (shown as contra-liability). Further, the net Ijarah liability should be netted-off against the advance rental payments made prior to the commencement of lease term.

The Group's assessment indicates the above accounting standard does not have any impact on the Group's interim condensed consolidated financial statements as the Group does not act as a lessee.

Accumulated fair value loss (see note below)	-	(13,036)
	<b>19,421</b>	19,421

During 2020, a fair value loss of US\$ 2,000 was recognised against the carrying value of Head Office Building.

## NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

At 30 June 2021

**5 INVESTMENT IN REAL ESTATE (continued)**

During the current period, management voluntarily changed the accounting policy for the recognition and measurement of investment properties from cost model to the fair value model as allowed under the applicable financial reporting standards. Such a change in accounting policy had been applied retrospectively with no impact on the opening retained earnings as at 1 January 2020, results for the comparative period and total assets as at 1 January and 31 December 2020.

	<i>Three months ended</i>	<i>Six months ended</i>
	<i>30 June</i>	<i>30 June</i>
	<i>2020</i>	<i>2020</i>
	<i>US\$ '000</i>	<i>US\$ '000</i>
Decrease in depreciation expense	157	313
Increase in unrealised fair value loss on investment properties	157	313

As a result of change in accounting policy stated above, the depreciation of US\$ 157 thousand for the three month period ended 30 June 2020 and the depreciation of US\$ 313 thousand for the six month period ended 30 June 2020 were not charged during the period ended 30 June 2021 which had an equivalent impact on the results for the period ended 30 June 2021 and accordingly the value of investment property as at that date was not changed from the value as at 31 December 2020.

(The investment property was measured at cost less accumulated depreciation and accumulated impairment losses under the cost model. Transition to the fair value model results in the investment property being measured at its fair value as at reporting date).

**6 CREDIT LOSSES**

The reversal of (charge for) credit losses in the interim consolidated statement of income is as follows:

	<i>Reviewed Three months ended 30 June</i>	<i>Not reviewed 2020</i>	<i>Reviewed Six months ended 30 June</i>	<i>Reviewed 2020</i>

Salary and other benefits	<b>213</b>	<b>254</b>

**11 FAIR VALUE OF FINANCIAL INSTRUMENTS**

Fair value is the amount for which an asset could be exchanged or a liability settled between knowledgeable and willing parties in an arm's length transaction. Consequently, differences can arise between carrying values and fair value estimates.

*Fair value hierarchy*

Fair values of quoted securities are derived from quoted market prices in active markets, if available. For unquoted securities, fair value is estimated using appropriate valuation techniques. Such techniques may include using recent arm's length market transactions, reference to the current fair value of another instrument that is substantially the same and discounted cash flow analysis or other valuation models.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

**Level 1:** quoted (unadjusted) prices in active markets for identical assets or liabilities;

**Level 2:** other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; and

**Level 3:** techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

## 11 FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

*Fair value hierarchy (continued)*

The following table shows an analysis of assets recorded at fair value by level of the fair value hierarchy at 30 June 2021 and 31 December 2020:

	<i>Reviewed</i>			<i>Audited</i>		
	<i>30 June 2021</i>			<i>31 December 2020</i>		
	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
	<i>US\$ '000</i>	<i>US\$ '000</i>	<i>US\$ '000</i>	<i>US\$ '000</i>	<i>US\$ '000</i>	<i>US\$ '000</i>
Investments carried at fair value through statement of income:						
Equities and funds	<b>4,293</b>	-	<b>4,293</b>	4,293	-	4,293
Investment in real estate	-	<b>19,421</b>	<b>19,421</b>	-	19,421	19,421
	<b>4,293</b>	<b>19,421</b>	<b>23,714</b>	4,293	19,421	23,714

Under unquoted investments which are held at fair value through equity are investments amounting to Nil (31 December 2020: US\$ 27 thousand) which are held at cost less provision for impairment due to the unpredictable nature of their future cash flows and the lack of other suitable methods for arriving at a reliable fair value for these investments (note 4).

Except as disclosed in note 4 for investments in Sukuk, the fair values of the Group's other financial instruments are not significantly different from their carrying values as at 30 June 2021 and 31 December 2020.

### Liquidity Management Centre Supplementary Public Disclosure – Financial Impact of COVID-19

Following the Coronavirus outbreak, the World Health Organization (WHO) declared COVID-19 as a pandemic on 11th March 2020.

The Central Bank of Bahrain (CBB) in their circular dated 17th March 2020 (OG/106/2020) launched various set of measures to all concerned licensees to ease the liquidity conditions in the economy as well as assisting banks in complying with regulatory requirements.

In response, The government of Kingdom of Bahrain, in their efforts to combat the effects of COVID-19 negative outcomes, also announced a group of stimulus grants to support businesses during these challenging conditions represented in specified reimbursements of a portion of staff cost, waiver of fees levies and utility charges which the group has received.

Due to the Bank's current situation the Bank did not recognize any modification losses as the Bank does not have credit facilities extended to customers in Bahrain. Therefore, the government grant received amounting to USD 160 thousand has been recognized during 2020 in Other Income in the Interim Consolidated Statement of Income.

- As part of the precautionary actions and to reflect the deterioration in the global markets resulting from the COVID-19 pandemic, the Group has recognized expected credit losses allowances (ECL) extended to sovereign Sukuk investments amounting to USD 11 thousand.
- Due to COVID-19, there is a high level of uncertainty and the situation is still evolving. Accordingly, the impact of the pandemic is based on the information available as of the date of this supplementary disclosure. Circumstances may change, however due to the lack of current data available related to the impact of COVID-19 on the local real estate market, the Group will continue to collect factual information with respect to any impact on its direct and / or indirect real estate investments based on market reviews issued by the relevant asset managers and specialized real estate advisory professionals and will remain extremely conservative with regards to its assets fair valuing and provisioning approach. In addition, during the year 2020, the bank had recorded an amount of USD 357 thousand as fair value losses on indirect real estate investments and USD 273 thousand on direct investment in real estate.
- Following on from the above and in light of the current market conditions, the management and the Board of Directors have taken a prudent approach towards fair valuation with regards to its Headquarter Building in order to mitigate the risks related to various factors such as occupancy levels, average rental rates and the ability to retain tenants at lower rental rates. Such approach had resulted in recording USD 5.7 million of fair value loss during the year ended December 2020.
- Given the conservative and precautionary actions taken by the Group in the recent past, including the repayment of all repo related and interbank liabilities and the effective management of the Liquid Sukuk through adjusted stress testing scenarios for the Expected Credit Loss (ECL); the Group has effectively managed its liquidity in light of the impact of current pandemic on the global economy.
- In complying with the Government directives, the Group has taken several steps toward providing its staff with safe and proper work environment while implementing a remote working policy.
- The Group has also taken proactive measures to maintain the safety for the tenants and customers residing in LMC's building by undertaking regular disinfection procedures.

The above supplementary information is provided to comply with the CBB Circular number OG/259/2020 (Reporting of Financial Impact of COVID-19), dated 14th July 2020. This information should not be considered as an indication of the results of the entire year or relied upon for any other purposes. Since the situation of COVID-19 is uncertain and is still evolving, the above impact is as of the date of the preparation of this information. Circumstances may change which may result in this information to be out of date. In addition, this information does not represent a full comprehensive assessment of COVID-19 impact on the Group. This information has not been subject to a formal review by external auditors.
